

AMBIENTCARE

A/A Dña. Isabel Segura

Murcia, 9 de Diciembre de 2014

Dear Isabel,

We hereby inform you of our satisfaction with the performance of the effluent water filtration stage at the Wastewater treatment plant in Pliego (Murcia) after substituting the existing filter medium for the Technical Glass supplied by AMBIENTCARE

Since its incorporation we have observed a minimal need to wash the bed and therefore, there has been a drastic decrease in the energy needs of this stage of the water treatment, ensuring an adequate quality of the water treated at the plant.

I sign this document to attest the aforementioned information on the date specified.

In Murcia, 9 December 2014

Yours

Fdo.: Antonio Sánchez Sánchez
